

Nissan Urvan

A_SHIFT has been made. A shift in working conditions. A work horse that will toil all day but won't leave you saddle sore at the end of it. A van that effortlessly shifts your gear, or everything from people to parcels. The new Urvan is spacious, comfortable and safe. Whether you're travelling around the corner or around the country. It shifts the standards. Built to take punishing workloads without a grumble. It delivers in every department.

SHIFT_capability

Put it on the payroll. The all-new Nissan Urvan is a tireless worker that doesn't compromise on safety, performance or comfort. It has been built to get the job done, able to haul heavy or light loads long or short distances. A big load space combined with a 3.0 litre common rail turbo diesel engine, gives this van a lot of versatility and heaps of torque where

you need it. A tireless van is one thing but what about the driver? A host of clever functional design and safety features make the cab a haven. Double sliding doors, three comfortable ergonomic seats, air conditioning and lots of neat storage solutions for pens, lunchboxes and day-to-day stuff makes sure the driver's performance keeps up with the van.

LOAD

Its dimensions are impressive: a load space length of 2720mm, a space width of 1545mm and a load space height of 1350mm combine to give an echoing space of 5.7 m³ behind the driver. Access is a breeze through the wide side doors and large rear door. Added to that, it has a low floor height of 635mm making cumbersome objects that much easier to load. On top of that, ABS braking and a load-sensing valve make sure your load will be safely delivered.

Aspen White QM1

PERFORMANCE

The 3.0 litre common rail turbo diesel engine (conforms to Euro IV emission standards), kicks out 96kW@3450rpm. Plenty of grunt where you need it with 265Nm from 1600rpm to 3450rpm, low down torque that is especially useful around town with heavy loads. Heavy-duty suspension, with stabilizer bar at the front, controls cornering and can take massive weights. Keyless entry and easy access from either side mean you never get stuck in a tight spot.

INTERIOR/DESIGN

Beefy looks and a high standard of finish make this a drivers dream. Up front, the new Nissan Urvan is one of the largest and most versatile cabins in its class. It has standard features that will be extra appreciated by its drivers. Air conditioning, power windows and mirrors, and three ergonomically designed seats make operating the van easier, while special design touches like a drinks cooler, pen holder, keyless entry and a CD Audio system with auxiliary/iPod input, dial up the comfort levels.

There is also ample storage capacity that has been carefully thought out so it doesn't get in the way of large knees or long legs, as well as a handy console that is created from the centre seat. The safety features are first class. ABS braking, dual airbags and a load sensing valve that adjusts the breaking ratio of front and back brakes, depending on how the van is loaded.

The new Nissan Urvan, the right tool for the job.

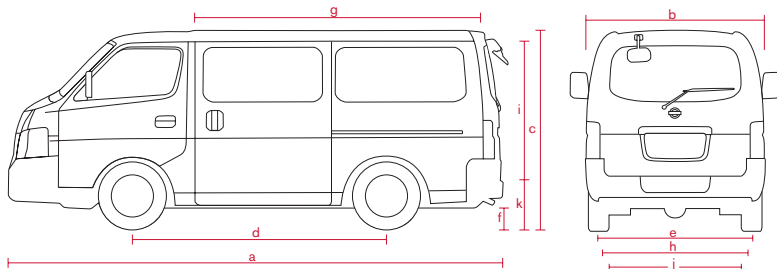

Specifications

	Manual	Auto
Engine		
3.0 Litre Diesel DOHC, 4 Cyl In-line		•
Capacity cc		2953
Turbo		•
Intercooler		•
Power kW @ rpm		96 @ 3450
Torque Nm @ rpm		265 @ 1600 - 3450
Bore and Stroke mm		96.0 x 102.0
Compression Ratio		16.9 : 1
Engine Warm Up Switch		•

Fuel		
Direct Injection, Common Rail		•
Fuel Type - Diesel		•
Fuel tank capacity litres		65

Nissan Finance.

We can provide a range of finance and leasing packages tailored to meet your needs. When you have chosen the Nissan that you want, simply talk to your Nissan Dealer for details.

Premium Care.

At Nissan, we never forget who buys our cars and who drives them – you, our customer. That's the basis of our 'customer first' policy and the reason why your Urvan, along with every other new Nissan, comes with the assurance of Premium Care, an exclusive package of extras designed to cater to your every motoring need.

3 Year/100,000km Warranty

A comprehensive warranty covering your vehicle for 3 years or 100,000km, whichever comes first.

Customer Assistance Centre

We have a 24 hour free phone (0800 808 606) support line if you require roadside assistance.

Complimentary Rental Car and Accommodation. If you're more than 100km from home and your vehicle is off the road due to mechanical fault, we'll supply you with a complimentary rental car (if your vehicle takes more than 8 hours to repair) and up to 3 nights accommodation*.

*Special conditions apply. Please refer to your Warranty Booklet for full details. Nissan New Zealand reserves the right to introduce changes to vehicle specifications on models contained in this brochure, at any time. Please contact your Nissan Dealer for information. Or visit our website www.nissan.co.nz
