Zero Emission

New Nissan LEAF

# SIMPLY AMAZING

A powerful step forward for the world's best-selling electric vehicle. Get ready for a whole new way to drive, where the everyday is exhilarating. Feel more confident, excited, and connected - wherever you go.

Go Clean

with zero tailpipe emissions

Go Further

with 270km range\*

Go everywhere

with our ever growing EV charging network across Australia

Go with everything  
you need

Featuring 5 seats, a 405L boot and a bold, new aerodynamic design,  
the Nissan LEAF gets you there with stylish efficiency

\*315km range tested to Australian NEDC ADR81/02 standard. 270km indicative driving range using the new WLTP test procedure for the European spec model. Note Australian model has not been tested using WLTP test procedure. Figures obtained after the battery was fully charged. Figures stated for the purposes of comparison amongst vehicles tested to the same technical procedures only. Actual real world driving range may vary depending on factors such as battery age and condition, driving style, use of heating/cooling, traffic conditions, weather conditions, any accessories fitted and vehicle load.

**FIND MORE THRILLS**

with instant power at take-off and intelligent driving technologies for a smooth, exhilarating ride.

**FEEL IN CONTROL**

with the Nissan e-Pedal. Yes! You only need one pedal to accelerate, decelerate and come to a complete stop in the Nissan LEAF.

**BE MORE CONNECTED**

Seamless connectivity with the introduction of Apple Carplay\* and Android Auto\*\* Auto.

**SEE AND SENSE MORE**

with Around View® Monitor and smart technologies like Rear Cross Traffic Alert, Blind Spot Warning and Traffic Sign Recognition.

**Prepare your senses**  
for an experience like no other and enjoy a new way of driving that pushes all the right buttons.

With Nissan Intelligent Mobility, you're connected to your LEAF like never before. See more around you, sense more, and do everything with more confidence. This is what driving was always supposed to be.

# Have a blast at the drop of e-Pedal

It's a completely new way to drive, and a whole lot of fun. Imagine having the option to drive with one pedal. Just press down for an instant rush and ease off to slow down. It can even hold the vehicle on a hill without ever touching the brake. Of course, going back to driving with two pedals is as easy as flipping a switch, but where's the fun in that?

NISSAN INTELLIGENT MOBILITY

**e-Pedal†** Speed up, slow down and come to a complete stop with just the accelerator pedal, making for a simple and easy drive.

Feel more confident with the suite of Nissan Intelligent Mobility features, including:

**INTELLIGENT CRUISE CONTROL:**  
watches the flow of traffic to take the tedium out of highway driving.

**INTELLIGENT LANE INTERVENTION:**  
helps keep you where you want to be. It taps the brakes to help gently guide you back if it detects that you're unintentionally straying out of your lane for too long.

**INTELLIGENT AUTO HEADLIGHTS with full LED:**  
headlamps light your way by automatically turning on when it gets dark and dip temporarily when an oncoming vehicle is detected.

**BLIND SPOT WARNING:**  
change lanes with confidence. This feature keeps an eye on the blind spot area and gives you a heads-up if it detects a vehicle hiding there.

So smart it can step in when you need it most

You may not even know why traffic suddenly slows down. But **Intelligent Emergency Braking\*** with Pedestrian Detection is keeping an eye out and ready to apply the brakes. Of course, that's not the only way LEAF can step in to help keep you out of trouble.

\*Driver's aid(s) only, not a substitute for safe driving. Always monitor your surroundings.

# Get a bird's-eye view of any space you want

NISSAN INTELLIGENT MOBILITY

**INTELLIGENT AROUND VIEW® MONITOR\*** helps you see more around you and makes complicated manoeuvres easy. With a virtual 360° bird's-eye view of your LEAF, plus selectable split-screen close-ups of the front, rear and kerbside views, you'll slide into the tightest spots and make it look easy without ever scuffing a wheel again.

REAR AND  
AROUND VIEW

FRONT AND  
AROUND VIEW

FRONT OR REAR  
AND KERBSIDE

\*Driver's aid(s) only, not a substitute for safe driving. Always monitor your surroundings.

## Get a little warning before you make a move

**FEEL MORE AROUND YOU** Even if you can't see that car sneaking up on you or a person on the corner that's about to cross the road, Nissan Intelligent Mobility features\* can assist you to take notice and give you a heads-up. Whether you're backing out of a parking spot or changing lanes on the main road, they make you more aware of your surroundings and give you a whole new level of confidence.

\*Driver's aid(s) only, not a substitute for safe driving. Always monitor your surroundings.

**INTELLIGENT AROUND VIEW® MONITOR\*** can give you an alert when it detects moving objects near your vehicle. This system increases your view of your surroundings.

**REAR CROSS TRAFFIC ALERT\*** This feature helps you back out of a space more safely. It watches around the rear of your LEAF, and can warn you about cars approaching from either side.

# Glide through the air with greater efficiency

AERODYNAMIC  
SPOILER

WIND-DIFFUSING  
SIDE MIRRORS

LOWER  
DIFFUSER

CONTINUOUS FLAT  
UNDERBODY

Bold looks are only the beginning. With an advanced aerodynamic design that allows LEAF to glide through the air, you get an impressively efficient ride, not to mention an unbelievably quiet one.

It has never been easier or quicker to get moving; from plugging the new LEAF into a dedicated home wall-box or even just a power-point, to tapping into one of the ever growing public charging stations available across Australia.

**7 KW HOME AND PUBLIC CHARGING**

**FAST HOME CHARGING: 7KW WALLBOX  
FULL CHARGE IN AROUND 7.5 HOURS<sup>1</sup>**

# Charging has never been so easy

**50 KW PUBLIC QUICK CHARGING**

**RAPID CHARGING FROM 20 TO 80%  
IN AROUND 60 MINUTES\***

<sup>1</sup>This Home Charging time is based on, and requires use of a 32A / 6.6kW (7kW) wall box. Home Charging time will be dependent on charging conditions, including Home Charging type and condition, battery temperature and size as well as ambient temperature at point of use. Home Charging time is for a 40kWh battery, and is based on Nissan testing. Before using this product at home, consult with a licenced electrician to ensure your homes electrical system can support the use.

\*Figures quoted are for a 40kWh battery. Time dependent on charging conditions, including charger type and condition, battery temperature as well as ambient temperature at point of use. Indicated rapid charging time requires use of a CHAdeMO rapid charger. The Nissan LEAF is designed to support the majority of journeys in daily life and is equipped with charging safeguards to protect the battery during repeated rapid charging sessions in a short period of time. The time taken for successive rapid charging can take longer if the battery temperature activates the battery safeguarding technology.

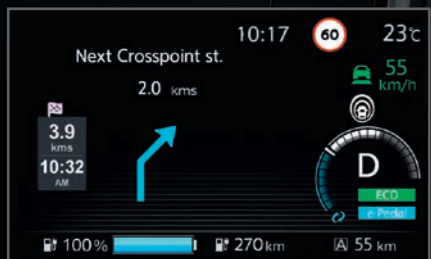

Put every detail  
on brilliant display

Live at the forefront of technology with the Advanced Driver Assist® Display. It lets you customise every detail of your drive, from range to power use to navigation, on a stunning, full-colour screen. This is the information age on full display.

Browse your audio system easily.

Turn-by-turn navigation has never been easier to follow, with every turn displayed right in front of you.

#### SEAMLESS MOBILE INTEGRATION

Apple CarPlay® and Android® Auto are the safer, smarter ways to enjoy the things you love. Access music, maps, make calls, send and receive messages – all without touching your phone. Just plug in your phone and go.

**YOUR MUSIC. YOUR WAY** Use Bluetooth streaming audio or the USB input to play music directly from your smartphone.

\*Carplay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC. Connecting a mobile phone should only be done when the car is parked safely. Use of the system should always be in accordance with the Australia Road Rules. Drivers should only use the system when it is safe to do so. Users should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle. Functionality and compatibility will vary depending on the device.

## A whole new level of partnership with your LEAF

With its ergonomic layout, distinctive new centre console and a floating central screen that puts your phone on centre stage, this interior was clearly designed with a more connected experience in mind. Nissan LEAF puts all the tools you need to control your car right in your pocket.

DISTINCTIVE DASH

HEATED FRONT AND REAR OUTBOARD SEATS

IMPRESSIVE LEGROOM

UNIQUE BLUE ACCENTS

# Experience comfort at the sound of silence

What would it be like to drive a silent car? Try stepping inside the luxuriously quiet cabin and you'll find a new level of silence - until you turn up the Bose® Energy Efficient Premium Audio System, that is. With comfort features such as heated seats and heated steering wheel, every drive has a chance to be amazing.

**BOSE**

**BOSE® ENERGY EFFICIENT PREMIUM AUDIO SYSTEM**  
Even the audio system is energy-conscious. With seven small, lightweight, and strategically placed speakers, the Bose engineers created an audio system that saves power, without sacrificing sound quality. All so you can rock out more efficiently.

# Load up whatever the day demands

LEAF is ready for your next outing with an impressive amount of cargo space, a low rear cargo floor and 60:40 split rear seats that fold down easily. It all adds up to a vehicle that can handle just about anything you ask of it with a capacity of 405 litres.

New LEAF will lead the way  
Simply Amazing.

# LEAF

## Powertrain & Charging equipment

- e-Powertrain with 40kWh laminated lithium-ion battery
- 110kW of power
- 320Nm of torque
- Indicative driving range of 270km (WLTP combined cycle)<sup>#</sup>
- ECO Mode
- e-Pedal
- Shift-by-wire drive selector
- Intelligent Trace Control
- Intelligent Ride Control
- Charge ports (AC Type-2 & DC CHAdeMO)
- MODE-3 EVSE cable (Type-2) supplied

## Exterior

- LED signature daytime running lights
- 17" alloys wheels with temporary wheel
- Privacy glass
- Auto-folding heated door mirrors with integrated LED turn indicators
- Front and rear fog lights
- Dusk-sensing LED headlights with auto levelling system
- High Beam Assist
- Metallic blue rear bumper finisher
- Rear spoiler
- Chrome door handles

## Comfort/Convenience

- Friendly Lighting function
- Climate control with on-board timer
- Digital Speedometer
- Auto-dimming rearview mirror
- Rain-sensing front wipers
- Intelligent Cruise Control
- Intelligent Key<sup>®</sup> with push button start
- On-board charge timer
- 7" Advanced Drive-Assist<sup>®</sup> Display

## Seating

- Tilt-adjustable leather-accented steering wheel<sup>^</sup> with heating function
- Black leather-accented seat trim<sup>^</sup> with Ultrasuede<sup>®</sup> inserts
- 6-way manual-adjustable driver seat
- 4-way manual-adjustable front passenger seat
- Heated seats (front and outboard rear)
- 60:40 split rear seats

## Connectivity

- Apple CarPlay<sup>®</sup> and Android Auto<sup>®</sup> smartphone mirroring<sup>†</sup>
- Voice recognition
- iPod<sup>®</sup> compatible USB port<sup>Δ</sup>
- 12V power outlet
- 8" colour touch-screen display
- Satellite navigation
- Digital Radio (DAB+)
- Bluetooth (phone/audio)
- 7 speaker Bose<sup>®</sup> Energy Efficient premium audio

## Safety

- ISOFIX rear child-seat anchorage points with tether points
- Hill Start Assist
- Intelligent Around View<sup>®</sup> Monitor with Moving Object Detection
- Parking sensors (front & rear)
- Intelligent Driver Alertness
- Intelligent Forward Collision Warning
- Intelligent Emergency Braking with pedestrian detection
- Intelligent Lane Intervention
- Blind Spot Warning
- Rear Cross Traffic Alert
- Rearview camera with predictive path technology
- Tyre Pressure Monitor System
- Lane Departure Warning
- Vehicle Sound for Pedestrian (low-speed)
- Traffic Sign Recognition

NISSAN  INTELLIGENT MOBILITY

Nissan Intelligent Mobility guides everything we do. At Nissan, we use new technologies to transform cars from mere transportation. Together the journey is more confident, connected, and exciting. Whether it is cars that share the task of driving or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
