NISSAN GENUINE SERVICE

Peace of mind with Nissan Genuine Service

Nissan Genuine Service gives you the confidence of knowing that your vehicle is being serviced by factory-trained technicians using only Nissan Genuine Parts giving you peace of mind when servicing at any Nissan Dealership that you will know the MSP* of your Scheduled Service.

Why do service costs change from service to service?

Each Scheduled Service is different, but all are equally important to make sure your Nissan keeps running smoothly and reliably. For some Scheduled Services, additional parts have to be replaced and a longer period of time is spent by technicians to complete the service. This means that the price of your Scheduled Service may vary from one service to the next. Please refer to your Owner's Handbook to discover exactly what items are covered by your Scheduled Service. Your Service Advisor will explain which services will be more expensive and why, but each of these Scheduled Services will come with the assurance of being able to view the maximum cost.

Not all services are the same

Everyone drives their Nissan differently - from stop-start driving in city traffic, to driving off-road through the bush. Therefore, service requirements may vary from driver to driver and vehicle to vehicle. If any additional work is required (over and above the stated Scheduled Service price) your Service Advisor will seek your approval prior to performing such additional work.

When do I need to service my Nissan?

It's not only the distance you travel that determines when you need to have your Nissan serviced. In fact, cars that are used for regular short trips around town are more at risk of premature engine and battery wear. Other fluids in your car, such as brake and transmission fluids, can also deteriorate over time. So to keep your Nissan running smoothly and reliably, make sure you follow the recommended service intervals.

Why service my Nissan at Nissan?

When you have your vehicle serviced at a Nissan Dealership, you can rest assured that your car is in the safest of hands.

- Nissan technicians are **factory-trained experts**
- They use the very latest **Nissan diagnostic equipment** specifically designed to suit your car and are backed by the Nissan global comprehensive technical support team
- Nissan Dealerships use only **Nissan Genuine Parts** which come with a 12-month/20,000km[^] warranty and are designed, tested and manufactured to the exacting standards of Nissan, so you can be sure your Nissan remains 100% genuine
- A verified **Nissan Service History** will also help maximise your vehicle's resale value

Nissan Genuine Service

ZE1 LEAF

To keep your Nissan running smoothly and reliably, your vehicle must be serviced every 20,000km or 12 months, whichever occurs first.

Current prices effective from 1st January 2020 to 31st December 2020. Prices may change after this period.

SCHEDULED SERVICE INTERVALS	LEAF ZE1 [MY19]	BRAKE FLUID
20,000km / 12 months	\$250	Included in maintenance as priced. Brake fluid is scheduled to be replaced every 24 months. Your Nissan Dealership Service Advisor will make a recommendation as to which service this will occur on based on your driving patterns.
40,000km / 24 months	\$377	
60,000km / 36 months	\$250	
80,000km / 48 months	\$377	
100,000km / 60 months	\$250	

Please Note!

Prices listed are correct as of January 1, 2020 and may be subject to change. Consult your Nissan Dealership for confirmation.
